

# Stop compressing air – start controlling it!

## Smart Air Xc4004 controller

The Smart Air Xc4004 controller features the latest innovations. We believe a controller should put you in complete control, while being intuitive, and most importantly easy to use and navigate.

Smart controls also **protect your investment**: improve your efficiency while drastically decreasing the operating costs of your equipment through advanced insights.

### Advanced features:

Smart user interface with key parameters at first sight.

Mirror application for remote control.

Audible, clear warning system for any deviations.

Robust design which resists water and dust (IP67 rated).

Takes efficiency, control and connectivity to the next level.

### Easy to use interface

- 7 inch anti-glare LED screen.
- Simultaneous view of pressure and flow increase control on the output flow required by your application.
- Visible fuel and AdBlue levels as well as running hours avoid unnecessary downtime.
- Personalized interaction through metrics and language settings.

### Powerful insights increase uptime

- Easy access to trends of 15 parameters.
- Increase uptime through preventative maintenance.

### Save time through remote controlling

- Mirror application: control feed air compressor through second controller at point of use.
- All machine parameters remotely adjustable: ECO-mode, Dynamic Flow Boost, multi pressure / flow settings, emergency stop...
- Hard wired or RRC radio remote connection.
